

Revocation of Previous Living Will and Medical Care Restrictions

I, _____, desire to make aware that after mature reflection, and, being aware of the right under the law to decline life- sustaining treatment, that I wish, should I ever be unable to make decisions for myself concerning my medical treatment that I receive life sustaining treatment even after a terminal diagnosis, even if the life prolonging treatment will delay the natural process of dying.

I have previously made a "living will" or other document expressing a desire contrary to that specified herein, and by this document I herewith revoke the same.

Revocation of Previous Living Will and Medical Care Restrictions Review List

This review list is provided to inform you about this document in question and you in its preparation. Revocations are generally made because of a serious change in attitude. Therefore, you should be very careful to have your wishes implemented. Get three witnesses; have them notarized; get the documents in everyone's hands that previously had one; and try to recover as many originals as you can, that you handed out previously, to avoid conflicting directions.
