Minor, Contract Status Review List

This review list is provided to inform you about this document in question and assist you in its preparation. The document can be used as an Exhibit to an original contract, which is a wise idea, for those agreements involving minor children. In addition, it can be used after the fact, as it is here, to ratify the understanding of the parties.

To strengthen the Agreement by the non-minor principal, get a parent or guardian to sign on behalf of the minor child.

1. Make multiple copies. Give one to each party, especially the parent or guardian if the principal succeeds in getting their signature.
